Plaintiffs' Exhibit

PTX-568

C.A. No. 21-3354 (BAH)

1 ANNOUNCER: Now from WABC from New York
2 City, America's Mayor Rudy Giuliani.

3 RUDY GIULIANI: Good afternoon. This
4 is Rudy Giuliani, and we're back again. Been out
5 traveling around the country for the last four
6 days and really missed being able to talk to you
7 and get your advice. We were in front of state
8 legislatures trying to convince them to take on
9 the plenary constitutional responsibility to
10 decide disputed presidential elections.

11 You know, it's a strange thing, but our
12 founding fathers really did think of everything,
13 and they thought about what would happen if there
14 was a real, real dispute about the accuracy of a
15 presidential election as there is about this one.
16 And they said under Article 2, Section 1, Clause
17 2 that the power to determine the electors for
18 president resides with and only with the state
19 legislature.

20 Not the governor, not the secretary of
21 state, not the attorney general, not the director
22 of elections. The state legislature. Not the
23 congress, the state legislature, and they were
24 quite clear why, because it is the government
25 closest to the people, and this choice was made

1 by the people.

2 So all these state legislatures that
3 are saying, oh, we can't interfere, and we can't
4 do -- they are evading their constitutional
5 responsibility because they are afraid of
6 criticism. And if there's anything wrong with
7 politics today, it's that we have too many people
8 on the Republican side afraid of criticism, and
9 too few people who are willing to do the right
10 thing and ruin their career.

11 Yes, sir. That's what I said. Do the
12 right thing and ruin your career. Because on the
13 Democrat's side, you can do the wrong thing and
14 you don't ruin your career. We're in an unfair
15 fight. Horribly unfair. They can commit crimes;
16 they can steal an election. We can put out a
17 tape like the one we did yesterday that looks
18 like a bank heist and they're stealing 30,000
19 votes in the middle of the night after throwing
20 everybody out.

21 There's a tape of it, a video of it.
22 How are we making this up? How are we making
23 this up? There's a video of it. Please go
24 online. Watch it. It's on all over. All over
25 Twitter. It's only 1 minute and 36 seconds, 1

1 minute and 36 seconds.

2 WOMAN: (Indiscernible) --

3 RUDY GIULIANI: That's the lady
4 describing it here.

5 WOMAN: -- and now they're going to
6 start pulling these ballots out from under this
7 table. This table, the black one, was placed
8 there by the lady with the blonde braids at about
9 8:22 a.m. in the morning. So she put that table
10 there.

11 So the same person who came behind now,
12 the same person who cleared the place out under
13 the pretense that we're going to stop counting is
14 the person who put the table there.

15 RUDY GIULIANI: So now we just saw her.
16 That -- we saw that person. We saw that person
17 go back under that table and pull out a whole
18 group of boxes all hidden under a big, big black
19 table with a big black thing drape, curtain. I
20 don't know. I looks like something you put on a
21 casket except much bigger.

22 Here's what happened. This is the
23 counting center. They have observers on one side
24 of the room. They have counters on the other
25 side of the room. They have the ballots in the

1 middle. They bring the ballots to the counters,
2 and the observers are supposed to observe the
3 counting of the vote, but they can't see a damn
4 thing. That's violation number one. Okay?
5 That's violation number one.

6 Illegal act number one. All these
7 ballots are submitted without any inspection by
8 an independent Republican. Okay. I don't know
9 why people don't realize how terrible that is,
10 but here's what happened. The whole day goes by.
11 Those ballots remain hidden in that -- below that
12 box that sits there and nobody bothers to see
13 what it is.

14 Eventually, they get rid of all of the
15 observers. First the Republican observers. Then
16 the Democrat observers. Then the press
17 observers. And when everybody is gone, and they
18 check it out, and they lock the door, the lady
19 with the braids or whatever who originally
20 brought it in goes over to the table and pulls
21 out a tray looking to contain, I don't know,
22 10,000 ballots, 20,000 ballots, 15,000, 5,000.
23 Hard to say. A lot of ballots. Here, listen.

24 WOMAN: At 8:22 in the morning, yeah, I
25 saw four suitcases come out from underneath the

1 table.

2 RUDY GIULIANI: We're now watching a
3 man in a red shirt pull another suitcase out.

4 WOMAN: Yeah, upper right hand you see
5 the gentleman in the red, and he just pulled one
6 out.

7 RUDY GIULIANI: And he takes it all the
8 way over to a stand in the back, and he hands it
9 to a person who is furiously counting the vote.
10 Now, this goes on for two hours. There is nobody
11 there observing it. There is nobody there having
12 any idea what's going on except these few workers
13 who stayed behind and did it in this sneaky way.

14 And all together the minimum number of
15 votes that they entered illegally for the
16 Democrats was at least 30,000, which is enough
17 all on its own to turn this election from Biden,
18 who stole it, to Trump who won.

19 Now, if the state legislature can't
20 stand up to this, why do we have it? If
21 Republicans in the state legislature can't summon
22 the courage to withstand the criticism from The
23 New York Times and the New York press and the
24 Washington Press and CNN and ABC and all those
25 phonies, if you can't summon up the courage to do

1 the right thing about electing our president, get
2 the hell out of our party. Go join the Benedict
3 Arnold party.

4 This is the election of the president
5 of the United States, and these people are
6 stealing ballots in the middle of the night. And
7 what was the reaction yesterday? Uh. Uh. If
8 this was a Republican doing it, you know what
9 would've happened? This morning the FBI would've
10 been at the Fulton center. They would've closed
11 it down. They would've gone to the director of
12 the center, the number two guy at the center, the
13 number three guy at the center.

14 They would've raided their homes. They
15 would've taken every single thing they had. Now,
16 they might've gotten rid of a lot of stuff, but
17 they might not have. They sure did it to
18 Manafort three years after the crime was
19 committed. They did it to Michael Cohen, and
20 they did it to Papadopoulos, and they did it to
21 Roger Stone, and they did it to, oh, boy, who
22 knows how many.

23 They didn't have any evidence like
24 this. Here we see four or five Democratic
25 workers plan a vote heist that can change the

1 outcome of the election and did. And the FBI so
2 far is nowhere to be found. What is wrong?
3 Therefore, I have got, I have got to appeal to
4 the members of the state legislature to remind
5 you that you took an oath of office to uphold the
6 Constitution of the United States.

7 One legislator in this thing said his
8 ultimate responsibility is to the Constitution of
9 the State of Arizona. And I said, no, it isn't
10 sir. The Supremacy Clause of the United States
11 Constitution makes clear that your major
12 obligation is to the United States of American.
13 And what happened here is the United States
14 Constitution gave the state legislature a federal
15 role.

16 They don't -- they are not guided here
17 by the governor. The governor's cut right out.
18 They're not guided here by state legislative
19 laws. It is not about a state action. They
20 don't need to wait to be recalled by the
21 governor. The governor has no power to recall
22 them on an issue like this. He has no
23 involvement in it except whatever they give him.

24 And as the courts have made clear, they
25 have the right to take it back at any time. I

1 mean, part of his testimony yesterday was with
2 Professor Eastman who made it very clear that at
3 any time legislature can take this power back.
4 It belongs to them. Whenever there's confusion
5 or signs of irregularity, they should. He made
6 it clear they can hold hearings and make their
7 own factual findings, and they can make a
8 conclusion based on those factual findings.

9 Well, this is not very hard. You hold
10 a hearing, and they've already done it. You have
11 this tape in front of you, and then ask those
12 criminals to come and explain it. Explain why
13 they put ballots under a table, kept them there
14 all day, and didn't count them until every
15 Republican and everyone else was thrown out of
16 the room.

17 Because they were legitimate ballots?
18 Let me cross-examine them, okay? I bet I get
19 them to confess. This is outrageous what is
20 happening in this country. It's outrageous how
21 the press is downplaying it. This is a terribly
22 destructive national effort on the part of the
23 Democratic Party to ruin our election system.

24 Now, they got caught on camera here.
25 We're going to start looking for cameras

1 elsewhere. They did the same thing in Michigan.
2 They did the same thing in Pennsylvania where
3 Pennsylvania's leadership, Republican leadership
4 caved in. You should write to them and ask them
5 what are they doing to the Republican Party. Not
6 because of lack of loyalty to Republicans, lack
7 of loyalty to the United States Constitution.

8 What are you, afraid to exercise your
9 responsibility to judge a presidential election?
10 You never should've taken the oath of office if
11 you don't have the institutional fortitude to do
12 it? Gosh, politics has always had slimy little
13 creatures as part of it. But when something of
14 this magnitude is presented to you, and you can't
15 stand up, uh.

16 I mean, we're in between the crooks and
17 the weaklings. That's it. In between the crooks
18 and the weaklings. Not all lost yet, however.
19 There are examples of courage like Burt Jones in
20 Georgia who held a hearing for us yesterday with
21 eight or nine members of the legislature.
22 Republican and Democrat all serious, all
23 courteous. All asked probing questions,
24 including the Democrats.

25 Of course they opposed, but not like

1 the ones in Michigan. Nasty, name-calling,
2 threatening witnesses. No, no. They did it
3 professionally, and my hat is off to them. And I
4 told them that. But the case in Georgia is over.
5 That one tape makes the case.

6 There's other evidence, plenty of other
7 evidence. There's 192,000 ballots, mail-in
8 ballots that were counted that never were
9 returned. Okay. How does that happen? There's
10 no record of them being returned. Their serial
11 number wasn't checked against the serial number
12 of those sent out, which means that somebody made
13 up 192,000 mail-in ballots, of which these 30 or
14 40,000 are probably some. What, we've got to be
15 stupid not to figure that out?

16 And there was some other big fraud in
17 Georgia too. Two days of hearing that
18 legislature can make a very, very clear finding.
19 I'm going to get you for later on, maybe for
20 Sunday, going to get you the wonderful testimony
21 given by Professor Eastman, who says the
22 following, Article 2, Section 1, Clause 2 of the
23 Constitution.

24 It says the legislature ultimately is
25 the sole arbiter. They have the remedy. They

1 can take the power back at any time. He
2 recommended that they do take the power back in
3 this situation. He recommended that they hold
4 hearings and make factual findings, and he
5 recommended that they then given an honest
6 appraisal to the electoral college of who
7 actually won the vote and select the electors
8 that way.

9 And he said if it's done right, it
10 should pass constitutional muster. I don't know
11 how much more you need. Same thing could be said
12 of Wisconsin, Arizona, Nevada, Michigan, possibly
13 New Mexico. We're looking at it, and clearly
14 Pennsylvania, which is a profile in political
15 cowardice at the top. Many, many brave members
16 want to go along and do the right thing. And
17 their older leadership is frightened or operating
18 under some misconception, or something's wrong.

19 I wish they'd call me, and we could
20 straighten this out because this is a horrible
21 thing they are doing to our country, and it's a
22 horrible thing that they're doing to our party.

23 We're going to be on this, you know.
24 You can tell we're not giving up. And you can
25 also tell these things are heating up because the

1 Georgia legislature is now on the verge of
2 calling their own session and voting and being
3 the first one to do this. And we've got some
4 pretty good indications from two of the three
5 other states that the same thing is going to
6 happen.

7 And I've also been told by any number
8 of legislators if it happens in one state, it
9 will quickly happen in others because this is
10 little bit of follow-the-leader. This is a
11 little bit of follow-the-leader. They need
12 somebody to come up with it first, and then
13 they're going to feel better about being able to
14 do it.

15 So, coming up I get to speak with you
16 on Chat With the Mayor. The Tunnels To Towers
17 Foundation is honoring America's heroes through
18 its Season of Hope. Donate now at T2T.org.
19 That's T, the number 2, T.org. T2T.org.

20 To hear me discuss more about the
21 election, listen to my podcast. I did a detailed
22 analysis of what exists so far on the tape.
23 Podcast will be out sometime tonight. We go
24 through it. I show you where the ballots were,
25 show you how it's moved.

1 I tell you, it's as good as a Pierce
2 Brosnan movie. Looks like a heist. You know,
3 one of those heist movies, except they don't have
4 Pierce Brosnan or like a handsome guy and a
5 beautiful woman involved in it. It's hard to see
6 what the people look like, which is probably good
7 for them. But largely because of criminality.
8 I'm not suggesting they're not good-looking.
9 They may be.

10 To hear me discuss more about the
11 election, you go to the podcast. It's a
12 RudysCommonSense.com or on my YouTube channel.
13 To listen to us on Alexa, simply say, "Alexa,
14 enable the 77WABC stilll."

15 ANNOUNCER: We are New York talking
16 about what matters to you. Now, it's Former New
17 York City Mayor Rudy Giuliani on New York's Talk
18 Radio 77WABC.

19 RUDY GIULIANI: This is Rudy Giuliani.
20 We're back on Talk Radio WABC. You know how much
21 I like Italian food, and I've been away from New
22 York since before Election Day. I've been in
23 some places with good Italian food, some places
24 with not such good Italian food, but nobody has
25 Milano Market. Nobody has Milano Market but New

1 York City. It's on 83rd and 3rd Avenue. Sal and
2 his family have owned it and operated it for
3 nearly 40 years.

4 Everything fresh prepared in-house with
5 that special Italian love and feeling. They
6 carry all kinds of Italian pastries, desserts,
7 cookies, and cakes, the best breads, the finest
8 imported prosciutto, cured meats, and cheese, as
9 well as fresh mozzarella, homemade pasta, and
10 much more.

11 Milano Market can meet all of your
12 catering needs large and small. Business,
13 private, a donation, or upcoming holiday party.
14 Amazing food, amazing customer service. Be sure
15 to visit Milano Market, corner of East 89th and
16 3rd Avenue. You can check out their full menu on
17 their website at MilanoMarketNYC.com. They even
18 make gourmet baskets. You can be sure I'll
19 heading there as soon as they release me from the
20 swamp. First place I go, Milano Market.

21 Well, now we're going to get to some of
22 the calls that I've missed all week. I probably
23 would've done a lot better if I had gotten your
24 advice. Although yesterday was one of my better
25 days in a legislature or court with the

1 production of that video. I know we're in a
2 catch-22 1984 world where the truth isn't the
3 truth anymore and the coverup is amazing. But
4 that videotape proves for time and memorial that
5 Biden stole the election. It'll go down in
6 history that way. It'll go down in history as a
7 stolen election unless we do something about it.

8 Stewart from Forest Hills.

9 STEWART: Yes, hi, Rudy.

10 RUDY GIULIANI: Hey, Stewart.

11 STEWART: Thanks -- hi. Thanks to you,
12 it was Governor Brian Kemp yesterday on Laura
13 Ingraham said that because of the testimony that
14 you put forward, he now finally, finally says
15 that he disagrees with his secretary of state.
16 He does want a signature audit.

17 What I'd like to know is, is he going
18 to get that? Is that going to happen for all the
19 votes that already happened? Is that going to go
20 forward for January 5th? Because the signature
21 audit is the reason in every state.

22 The rejection rates went from five, six
23 percent down to now -- there's like no
24 (indiscernible). It's the signature
25 verifications, and you did that yesterday, Rudy.

1 You got Brian Kemp to put distance between
2 himself and his Secretary of State Raffensperger.
3 So what I'd like to know from you is the governor
4 of Georgia finally, because of what you did
5 yesterday, is he going to get that signature
6 verification for all the votes that happened on
7 November 3rd and for January 5th going forward?

8 RUDY GIULIANI: Well, I don't think he
9 can do the signature verification because a lot
10 of the signatures are missing. And what that
11 will show is a major gap in the number of votes
12 and the number of signatures, which will lead to
13 an overturning of the election.

14 But most importantly, he already has
15 evidence in front of him, right in front of him,
16 right in front of his eyes, right in front of the
17 eyes of the world that the election was a phony.
18 Because when you watch that tape, which happened
19 in the middle of the night with nobody there with
20 the Republicans thrown out and the ballots hidden
21 under the table for 30 hours, you're watching
22 enough ballots being counted that change the
23 result of the election.

24 That alone yields you 30,000 ballots.
25 The victory was about 10,000. Election over.

1 Trump wins. It's as simple as that. If you want
2 more evidence, you can have it. Probably a good
3 idea to have more evidence because it'll be
4 challenged in the supreme court. But according
5 to Professor Eastman, as long as you have a solid
6 factual basis that the legislature is just
7 exercising its constitutional power to protect
8 the people against a phony vote.

9 So the governor's got it all there.
10 And by the way, he should butt out. He has
11 nothing to do with this. The founding fathers
12 did not say a governor gets to determine a
13 presidential election. Said the state
14 legislature does. Sometimes state legislatures
15 don't understand their own power. In this
16 particular case, they have their own power.

17 They don't have to wait for him to call
18 a special session. They can do it. They don't
19 have to have his approval. They can do it. It'd
20 be good if he did. Think it would be good for
21 the unity of the party. I don't agree with these
22 Republicans who say you shouldn't vote for the
23 Republicans in the senate campaign.

24 I think that's terrible, but he can end
25 that too and bring us all together. Because I

1 imagine there are some Republicans that are so
2 angry at the cowardice of some of the people in
3 their party that they're disgusted with the
4 Republican Party. I mean, you can't look at this
5 kind of fraud, know the other party raped you,
6 and now you're smiling about it.

7 It makes you feel pretty angry. It
8 creates emotional reactions that are not good for
9 keeping the party together. So if the governor
10 really wants to win this election, and those two
11 people want to win, they should stand up right
12 now. They should look at Professor Eastman's
13 testimony and say the legislation should take
14 over.

15 They should hold a hearing, and we
16 support whatever decision the legislature makes.
17 That would bring the party together. We'd win
18 the darn election by 12 percent. Watch.

19 So now we'll go to Dan from New Jersey.

20 DAN: Hey, Rudy. Your Honor, I would
21 like to thank you for your continuing fight here.
22 I know it's been a very rough -- I'm an attorney.
23 I've never handled a constitutional law case, but
24 it does clearly sound like there's almost a chain
25 of custody issue where you really can't ensure

1 the circumstantial guarantee of trustworthiness
2 of any of the votes. I mean, that's what it
3 sounds like to me. And including what you have
4 said. I don't know. Maybe you want to comment
5 on that or...

6 RUDY GIULIANI: Well, no. I -- what
7 you're saying, Dan, is largely correct. There
8 are tremendous breaks in the chain of custody.
9 There -- I mean, I -- every state has it. I kind
10 of have the testimony a bit confused in my mind,
11 but in Georgia, one of the election advisors said
12 it doesn't matter if you take the votes home with
13 you. It doesn't matter if you don't lock them.
14 It doesn't matter if you mingle them.

15 I mean, that all destroys chain of
16 custody. It also makes it possible for somebody
17 to take it home and slip other ballots in and
18 destroy. I mean, that's all. But you know, you
19 don't even need conjecture like that.

20 What I'm saying is if you want a simple
21 way to the answer, whether enough votes are fixed
22 to change the election, it was done right in
23 front of your eyes, except it wasn't supposed to
24 be done in front of your eyes because they had no
25 idea they were being taped.

1 They were like -- it was like a Pierce
2 Brosnan bank heist except we have the footage.
3 And the governor I think is quite embarrassed at
4 having supported his attorney general. I mean,
5 if you couldn't figure out from day one that that
6 vote was fixed, you don't have the common sense
7 to run a state.

8 I mean, I can pick out criminality by
9 smelling it. Now you don't have to smell it.
10 You can see it on tape. So this one should be
11 over with in a day or two. They should hold a
12 session, they should play the tape, they should
13 have the board members come up, see if they want
14 to perjure themselves, and then prosecute them
15 for perjury.

16 They may take the Fifth. Put on a
17 little more evidence and say, here's the vote.
18 The vote is 30,000 less for Biden and 30,000 more
19 for Trump. Over. Then we move onto Wisconsin
20 where the gap is about 80,000. We can then move
21 onto Arizona where it's about 400,000, and
22 etcetera, etcetera, etcetera.

23 We will be back after a short break to
24 go forward with your calls on the Tunnel To
25 Towers hotline. That's 1-800-848-WABC. That's

1 1-800-848-9222.

2 ANNOUNCER: Mayor Rudy Giuliani on 77
3 WABC.

4 RUDY GIULIANI: We're talking calls on
5 the Tunnel To Towers Foundation hotline. Help
6 Tunnel To Towers do good. Donate \$11 a month to
7 T2T.org. That's T, the number 2, T.org. And
8 we're at 1-800-848-9222, and let's try Michael
9 from New York.

10 MICHAEL: Hi, Mr. Mayor. I'm so happy
11 I reached you. I almost feel like it's divine
12 providence at this point. I just realized that
13 we can create a red wave that's never been seen
14 in (indiscernible) anywhere in Georgia, and it's
15 centered around the legislature. We could also
16 guarantee the wins for Loeffler and Perdue and
17 get Trump the electoral votes.

18 And you look at what do most
19 politicians crave. They crave power. Do you
20 realize that Georgia has one of the lowest
21 thresholds for recalls in the whole country?
22 It's only 15 percent.

23 RUDY GIULIANI: For what?

24 MICHAEL: What Trump should do --

25 RUDY GIULIANI: A recall?

1 MICHAEL: 15 percent of -- yeah, you
2 can do a recall on January 5th of any state
3 legislator, senate or assembly, who will not sign
4 on to seeking their control of their own
5 constitutional mandate with Article 2. And you
6 should start with putting up a Jumbotron on this
7 rally on the 5th where Trump plays for the
8 audience them stealing these votes that the media
9 isn't showing them, plus some other types of
10 money. A quick three- or four-minute thing like
11 worked so well during the campaign.

12 He plays that and announces that
13 they're going to be launching a recall petition
14 on January 5th for Raffinger, and that will bring
15 the Lin Woods and all the patriots who are just
16 disgusted that they're not having the president's
17 back, back into the fold, and turn them out in
18 numbers that nobody has ever seen.

19 And we can say we're starting with
20 Raffinger, and I'm going to give Kemp a temporary
21 reprieve since he called for a signature audit
22 yesterday. But any other legislature, assembly
23 or senate, who likes their cushy career and their
24 cushy job who wants to keep it will sign on to
25 reclaiming their Article 2 responsibilities or

1 they will be added to the list.

2 And he announces that on stage on the
3 5th, and you will see a rallying cry the likes of
4 which you've never seen in politics. You will
5 have people that didn't even turn out for 2020
6 who are so upset about what's happening right
7 now. Because there are people all over the
8 country that are so angry right it's hard to even
9 --

10 RUDY GIULIANI: Well, they should be.

11 MICHAEL: Before you -- and before you
12 hang up --

13 RUDY GIULIANI: This was --

14 MICHAEL: -- I have one follow-up about
15 the --

16 RUDY GIULIANI: -- stolen from us in
17 plain sight.

18 MICHAEL: (Indiscernible).

19 RUDY GIULIANI: It was stolen from us
20 in front of our eyes.

21 MICHAEL: We could recall Raffinger
22 with 15 percent of the vote on January 5th. Did
23 you realize that?

24 RUDY GIULIANI: Here's the clearest and
25 easiest way to the right answer. The state

1 legislature has it within its power with a one-
2 vote majority in either house to call a special
3 session under the United States Constitution.
4 Because they are not bound by state rules when
5 they're exercising federal constitutional power.

6 This is Professor Eastman, not Rudy
7 Giuliani. But you know, I am a pretty good
8 lawyer. I know they don't think so, but they
9 should look at my record. And then second,
10 second, once they call the special session, they
11 should do what the professor suggests. They
12 should hold hearings.

13 They already have done the tape, which
14 is the smoking gun. They begin already with
15 enough evidence to overturn the election, 30,000
16 votes. Subpoena the people who did it. Let's
17 ask them why they were hiding ballots under
18 there. And how many more were they hiding? They
19 got any in their back pocket and any at home?

20 I mean, how many others did they count
21 in the middle of the night with nobody around? I
22 don't know if they'd testify. They may take the
23 Fifth because, I mean, if they did what it looks
24 like, if there ever was a U.S. attorney there,
25 they'd get prosecuted.

1 Now, there may not be a U.S. attorney
2 in Georgia. I'm not sure. And there obviously
3 is no FBI there. But we've got to work as if we
4 don't have an FBI. And the legislature can make
5 findings for two days, and the legislature can
6 find that Trump won, Biden lost, and pick the
7 Trump electors. And then we'll battle it out in
8 the supreme court.

9 And I say we win because we followed
10 the constitution, and they followed Willie
11 Sutton. He was a bank robber. Okay.

12 So now we'll go to Brian from Nutley.

13 BRIAN: Rudy?

14 RUDY GIULIANI: Yeah, Brian. How are
15 you?

16 BRIAN: Hi. Great. I'm a big fan.
17 I'm not only a big fan of yours, but I'm a big
18 fan of Columbo. Now, hear me, could you --

19 RUDY GIULIANI: Ha, ha, ha, Columbo.

20 BRIAN: (Indiscernible).

21 RUDY GIULIANI: Columbo. Falk, my
22 friend Falk.

23 BRIAN: Did you procure that table?

24 RUDY GIULIANI: Pardon me?

25 BRIAN: Did you procure the table in

1 Georgia? Could you put a lockdown on the table?

2 RUDY GIULIANI: We don't know where the
3 table is right now. We -- there is --

4 BRIAN: Okay.

5 RUDY GIULIANI: -- an order to preserve
6 everything, but I don't know where that table is
7 right now.

8 BRIAN: Okay. So this is my thought.
9 The way the lady brought that into the room, it
10 like glided into the room and she was one person
11 doing it, right? So it had wheels on it. Then
12 it had a floor-length tablecloth on top of it.
13 It must've had a shelf underneath.

14 So that would be like premeditated
15 where they packed the table in advance. Because
16 there was news reports that said they don't know
17 how the ballots got underneath, right? They
18 didn't see them bringing them in. They must've
19 been wheeled in with that table.

20 RUDY GIULIANI: Well, I wonder -- I
21 guess it doesn't matter. You know, once you've
22 proved the election is a fraud you and you have
23 enough votes to overturn it, I guess you can
24 overdo it. We should turn to another state. But
25 I can't believe this is the only place in the

1 state they did this, right?

2 BRIAN: No, but I mean --

3 RUDY GIULIANI: I can't believe this is
4 the only --

5 BRIAN: -- I'm just saying.

6 RUDY GIULIANI: -- state that did it.
7 They all have that big spike. If you look at --
8 I don't know if you paid much attention to the
9 specialist testimony. That can get a little
10 boring, but boy it's very powerful. Every state
11 that we testified in, there was a big jump of
12 about 180, 200,000 votes for Biden in the middle
13 of the night.

14 BRIAN: Yeah.

15 RUDY GIULIANI: In Michigan it was
16 produced by ballots being brought in, in garbage
17 cans. And in Pennsylvania it was done by ballots
18 that didn't appear to ever have been sent out.
19 And in Michigan it was done with ballots for
20 which there was no applications. I'm sorry,
21 Wisconsin.

22 And I'd have to go back and look at the
23 rest, but they all had that mid-early morning big
24 jump. And that's what put them in the running
25 because Trump was running too far ahead, and they

1 were scared, and they always meant to steal this
2 election. Can't let it happen. We cannot let it
3 happen.

4 I really wish there were enough
5 Democrats around who could see how crooked these
6 people are who are presently running the Democrat
7 Party. It isn't what it used to be. Bill
8 Clinton changed the ethos of the party to a
9 slimy, drifter, grifter kind of party where he
10 used to sell, you know, little money things in
11 Arkansas, and then the Lincoln bedroom, and then
12 access.

13 And then Hillary's secretary of state,
14 and Biden the same thing. Little cheap stuff
15 with his brother in Delaware. Then big money
16 when he got millions and millions overseas and
17 nobody cared. They get sloppy. They think they
18 own it, and they do until we break it.

19 So now we go to Larry in Brooklyn.

20 LARRY: Yes. Hi, Rudy.

21 RUDY GIULIANI: Yeah, Lar.

22 LARRY: Yes, I want -- first I want to
23 say that I validate all the comments that Steve
24 Bannon made about Christmas already. Because
25 there's no reason why a devoted public servant

1 like you should have to wage an uphill battle
2 with the state legislatures when the courts are
3 supposed to be handling this case. But the
4 courts are not going to -- are used to
5 indictments.

6 And you know, indictments are not
7 beyond a reasonable doubt, but if there were
8 indictments, they would treat this civil evidence
9 much differently. And this proves that the
10 courts are not only incompetent, but they're
11 corrupt as well. And that's why the supreme
12 court has to step up and show that there's still
13 judges around that can -- that know what evidence
14 is, know how to deal with an evidentiary
15 standard.

16 Because there's more than enough proof
17 in this case, civil proof, through statistical
18 evidence, direct evidence, and you can
19 extrapolate when you prove a centralized scheme
20 where two or more states acting in concert, which
21 probably is civil evidence of conspiracy. Maybe
22 not criminal, but civil, that you could
23 extrapolate that the same level of fraud happened
24 all over the country in other states as well.

25 So there's more than enough civil

1 evidence. But I want to say that the people
2 knew. These corrupt actors who did this fraud,
3 they knew in advance that the FBI would be
4 dormant in this case. They were not given --

5 RUDY GIULIANI: Yeah. Man, how is
6 that? I mean, that's -- maybe --

7 LARRY: I'll tell you how.

8 RUDY GIULIANI: -- that's one of the
9 most disappointing things of all. It's really
10 very deflating to think that the FBI wouldn't
11 jump all over this. Wow.

12 You know, I think that the founding
13 fathers may have been correct. If you go back to
14 the founding fathers faced with this predicament,
15 they would've said go to the legislature, not the
16 courts. The legislature is the better place to
17 resolve this. It's closer to the people. They
18 can count votes better. They'll have a better
19 sense of who won and who lost, and they'll have a
20 better sense of what kind of fraud is going on in
21 the community.

22 And so if you look at the constitution,
23 the constitution points you only in one
24 direction. It points you to the state
25 legislature. I mean, you can always go to courts

1 when you've had wrongs, but that's sort of a
2 little more (indiscernible). And the courts
3 unfortunately played process games. Let's
4 dismiss on a motion to dismiss when there was no
5 reason to dismiss on a motion to dismiss before
6 having a hearing.

7 They didn't want to hear the evidence.
8 Because once you heard the evidence, you might
9 have to do something. And if you had to do
10 something like replace Biden with Trump, you're
11 going to get doxed. You are going to never get
12 to the appellate court. You are never going to
13 get to the supreme court. You are never going to
14 get a job in a law firm. You are going to never,
15 never, never, never, never.

16 You have no idea of the threats that
17 these people are faced with. No idea. Which is
18 why we have to end it. We've got to take a stand
19 now. Come on Republicans in the legislature,
20 don't let them do this to us. They stole this
21 election. Nobody's making it up. Look at the
22 damn tape.

23 Look at the statistics. In
24 Pennsylvania, in Pennsylvania more votes than
25 ballots. Hundreds of thousands more. Come on.

1 You know what happened. I know what happened,
2 and I know because you've told me why you're not
3 voting for it because you're scared. You know
4 how disappointing that is to a guy who tried to
5 operate his life not being scared? Do you know
6 what happens when people in a democracy start
7 getting scared?

8 Please. If you're scared, pray. Get
9 up enough courage to do it. And if you can't,
10 get the hell out of public office. Go do
11 something else. Don't represent other people.
12 You don't protect them. You don't deserve it.

13 Well, thank you for calling on the
14 Tunnels To Towers Foundation hotline. Help
15 Tunnels To Towers to do good. Donate \$11 a month
16 at T2T.org. That's T, the number 2, T.org. And
17 this is 1-800-848-9222. I'm Rudy Giuliani, and
18 with common sense we'll uncover the truth and get
19 to a solution on Talk Radio 77 WABC.

20 ANNOUNCER: We are New York talking
21 about what matters to you. Now it's former New
22 York City Mayor Rudy Giuliani on New York's Talk
23 Radio 77 WABC.

24 RUDY GIULIANI: This is Rudy Giuliani
25 back with you on 77 WABC, and I've got to take

1 one more call because it's one of my hometown
2 Belmore. John.

3 JOHN: Hi, Mayor Giuliani. It's a real
4 pleasure.

5 RUDY GIULIANI: John from Belmore. How
6 -- what's up?

7 JOHN: I'd like to know. I saw the
8 video of them taking the ballots out from under
9 the desk. Is anybody looking for them?

10 RUDY GIULIANI: Ha.

11 JOHN: And are they going to be
12 questioned, the poll workers?

13 RUDY GIULIANI: I would think they
14 would've been arrested that night by the FBI.
15 That's what I would think. I would think the FBI
16 would've visited their homes, had warrants for
17 their arrest, warrants to search their home,
18 warrants to search their office, a complete
19 warrant for the Fulton County office.

20 I mean, they did quite a bit more to
21 people who turned out to be innocent who were
22 involved in nothing with President Trump. This
23 is without any doubt voter fraud going on in
24 front of your eyes. There's no other explanation
25 for it. There's no other explanation for why you

1 would hide ballots at 8:30 in the morning, wait
2 for all the observers to go, close all the doors,
3 and then pull out the ballots, and count them
4 with nobody around as quickly as you can.

5 And then you see 187,000 spike,
6 something like 180,000 for Biden and 7 for Trump.
7 They could've been a little more careful, you
8 know? Bunch of thieves. I think there's a
9 Yiddish expression for when you get greedy like.
10 They're schnorrers.

11 I tell you, these are bad people. The
12 Democratic Party has been seized by some very bad
13 people. And as I've said many times, it's not
14 the whole party. A lot of good Democrats, but
15 you've got a group running you who are putting
16 this republic in jeopardy. Their governors are
17 affecting our free speech rights, our freedom of
18 religion rights.

19 They're affecting our freedom of
20 movement, our freedom to be in business. And now
21 they're very, very directly taking away our right
22 to make a choice of our president. I can tell
23 you without any doubt, and you can see it on
24 tape, that that proves that Donald Trump won
25 Georgia.

1 If you want to spend a little more time
2 with me on my podcast, I'll show you how he won
3 Pennsylvania and Michigan and Wisconsin. And we
4 could do a few more. Okay? This is terrible.
5 This has to be turned around now or it will get
6 worse.

7 I want you this weekend to get a little
8 relaxation to pray to God for his guidance. The
9 constitution has given us its guidance. Our
10 founding fathers gave us the answer. Now let's
11 pray to God we can follow it. God bless America.
